

2.0010 SCHOOL CALENDAR

The Board of Directors of Falls Lake Academy, Inc., reserves to itself the responsibility and right to develop, establish, and maintain the annual school-year calendar. In order to make informed and reasonable decisions regarding this responsibility, the Board may or may not seek the input of the FLA administrators, the FLA staff members through the Parent Advisory Council, the Falls Lake Academy Parents (“FLAP”) organization, or any other individual or group from whom it chooses to seek input.

In the event of circumstances which arise during the school year requiring a change in the current calendar – including, but not limited to inclement weather makeup days – the Board resolves to address the necessity of revising the calendar as soon as possible after the event(s) which created those circumstances. In such cases, the Board may take into account the preference of parents and staff members in the matter, but shall not be bound by them.
