~~The Board believes in the establishment and maintenance of high academic and related standards for all students who attend Falls Lake Academy. At the same time, the Board recognizes the need to provide an avenue for students who fail to be promoted from one grade to the next, to graduate from FLA High School at the expected time of graduation, and/or to gain more time or another chance altogether to meet whichever standard(s) led to the students' non-promotion, failure to graduate, and/or failure to pass a high school course. Summer Recovery is that avenue, if / when offered.~~

~~FLA Summer Recovery shall be characterized by the following:~~

- ~~a) Fully fee based and 100% financed by the participating students and their parent(s) / guardian(s) if when allowed by NC state law and State Board of Education policy.~~
- ~~b) Academic offerings to include (based on analysis of need and demand):~~
 - ~~- full high school "summer school" opportunity to take for the first time or to re-take a failed 135-hour high school class, including relevant EOC or other state-mandated test(s), for credit [Note: the Board authorizes Principals to accept non-FLA students who apply to take high school courses for credit in FLA Summer Recovery; such students are subject to all FLA program tenets and student expectations while participating]~~
 - ~~- partial "summer school" opportunities for students who fail grades 3-8 to repeat and correct any unmet promotion standards (each student shall follow a personal academic plan which specifies and focuses on those standards which remain unmet)~~
 - ~~- School and Community Service opportunities for students in grades K-12 who do not fulfill their mandatory 10-hour promotion requirement~~
 - ~~- Attendance Recovery opportunities for students who accumulate more than 15 unexcused absences throughout the previous school year~~
- ~~e) Students enrolled in Summer Recovery academic high school courses shall engage in, complete, and present one group PBL project and shall compile and present a Showcase Portfolio for that course to be presented in a Student-Led Conference~~
- ~~d) Summer Recovery shall be staffed by teachers and other appropriate staff as determined by the Principal~~

~~Students who meet FLA promotion standards in Summer Recovery shall be promoted at the professional discretion of the Principal. Students who fail to meet FLA promotion standards in Summer Recovery shall be retained and required to repeat the previous grade. Students who successfully complete a first-time or repeated high school class which, in turn, meets final graduation requirements, and/or who otherwise complete other previously unmet graduation requirements in Summer Recovery shall be designated "graduated" at the professional discretion of the Principal. Students who fail to meet graduation standards in Summer Recovery shall be required to re-enroll the following fall semester and continue their pursuit of an FLA diploma in the regular school setting.~~

~~EC students who participate in Summer Recovery shall be recommended by their Summer Recovery teacher(s) for promotion, retention, or placement in a certain grade following an IEP Team review of their~~

~~Summer Recovery work. The final decision rests with the Principal, who shall take this recommendation into account.~~
