No student shall be charged a fee for required courses or activities.

Any fees imposed on students will be waived or reduced for students who demonstrate economic hardship. The chief FLA administrator shall be responsible for establishing procedures to review requests for fee waivers or reductions, for posting or publishing such procedures when students are confronted with fees and charges, and shall be responsible for the approval or denial of those requests.

Students may be charged for lost and damaged books, materials, supplies, and equipment. Indigent students are not exempted from such charges.
